Lenawee County is a Safe and Healthy Community

Strategy:

Pursue the Triple Aim in Public Health

LENAWEE COUNTY
HEALTH DEPARTMENT

On behalf of the staff of the Lenawee County Health Department and the Lenawee County Board of Health, I am proud to present the 2020 Lenawee County Health Department annual report. This report reflects the tireless efforts of staff and the many community partners that came together to protect the health of the residents of Lenawee County during a challenging, yet rewarding year.

HIGHLIGHTS OF 2020 INCLUDE:

- Conducted response to the worldwide Coronavirus (COVID-19) pandemic.
- Assisted with activation of the Emergency Operations Center to coordinate response activities.
- Updated our website to provide case information, isolation and quarantine information and guidance to navigate the pandemic.
- Increased our presence on social media to allow us to update our followers on pandemic response and to provide information regarding programs and services.
- Participated in townhalls to provide information to businesses, community organizations and the public to navigate the pandemic.
- Participated in radio shows to provide information to the community.
- Provision of personal protective equipment to health care agencies.
- Partnered with ProMedica to increase COVID-19 testing capacity in Lenawee County.
- Partnered with school districts and institutions of higher education to implement COVID-19 Return to Learn plans.
- Provided guidance to businesses/organizations on COVID-19 response plans.
- Provided guidance to long-term care facilities on COVID-19 response plans.
- Provided guidance to shelters, agencies assisting agricultural workers and agencies assisting those with access and functional needs.
- Planned for administration of COVID-19 vaccine.

Kind Regards,

Martha Hall
Health Officer

From Our Leader Martha Hall, Health Officer
